

Please, please, please, please do not lift this cross-over ban!
the news coverage on the TV is limited enough to three or four stations. and
they are all the same just with a different logo. That legislation was put into
effect for a very good reason! LEAVE IT ALONE! This country and its
constitution is founded on a checks and balances system, if you lift this ban
allowing for monopolies to exist, you will be unconstitutionally sound and I
hope someone has enough money to take you all the way to the supreme court.
